

Zhi-Yong Wu, Ph.D.

Professor of chemistry in Northeastern University. Ph.D of Lanzhou Research Institute of Chemical Physics, Chinese Academy of Sciences (RICP, CAS) in 1992; Research scientist of Federal Institute of Polytechnology in Lausanne (EPFL) between 2000-2003; Visiting professor of EPFL in 2008. He is interested in microfluidics and developing miniaturized and practical bio-analytical systems using multi-disciplinary technologies.
